Summary

A fresh graduate computer engineer with experience with AI, Image Classification and Detection (college projects), and Web Development. I am currently interested in working in the web-based applications field.

Education

Bachelor's degree in Computer Engineering
Arab Academy for Science, Technology, Cairo - Egypt

2015 – 2021

Courses

PostgreSQL - The Complete Guide
Maximilian Schwarzmüller, Academind

2022 November

JavaScript Algorithms - The Fundamentals
Maximilian Schwarzmüller, Academind

2022 October

JavaScript - The Complete Guide
Maximilian Schwarzmüller, Academind

2022 September

React - The Complete Guide 🔗
Maximilian Schwarzmüller, Udemy

2022 September

A reactJS-focused course that dives deep into the reactJS ecosystem such as hooks, redux, react routing, animations, and Next.js.

Web Development Bootcamp 🔗
Angela Yu, Udemy

2021 November

The course focuses on learning the fundamentals of the web and MERN stack.

Skills

TypeScript, JavaScript, Tailwind CSS, Next.js, Express.js, React.js, Node.js, Redux.js, PostgreSQL, MongoDB, C++, Oracle Apex

Projects

Memories 🔗
Personal Project

2022 August

This was my first MERN project that I built entirely from scratch. The project uses a double authentication tokens approach (access and refresh), next-gen image format (webp), and account activation via email.

Auto-Correction Smart Examination System
AAST

2020 October – 2021 June

Graduation project built with Oracle APEX. This system is based on the randomization of questions and random variable answers generated by the system to prevent cheating.

Freelance Experience

E-MARKETING

2010 March – 2015 May

Game Power 7 

Online Campaigns for Game Power 7's products on forums, social media, and partnerships with influencers.

Editor In Chief

2010 March – 2014 January

LemO Magazine, Game Power 7 

Supervising over 40 employees and issuing 4-6 digital issues per week.

Languages

Arabic (*Native*), **English**
